PROFESSIONAL SUMMARY

Senior iOS Tech Lead at Pinterest with 5+ years experience scaling mobile apps for millions of users. Led architecture migration (Objective-C → Swift/MVVM) across 60-engineer distributed team, reducing technical debt by 40% and improving deployment frequency by 25%. Expert in remote technical leadership, mentoring international teams across multiple timezones.

PROFESSIONAL EXPERIENCE

Senior iOS Tech Lead

Aug 2023 - Dec 2025

Pinterest

- Led architecture migration (Objective-C → Swift/MVVM) across 60-engineer distributed team, reducing technical debt by 40% and improving deployment frequency by 25%
- Reimplemented 3 core features (Updates, Comments, Home) serving 450M+ monthly active users with 99.9% crash-free rate
- Established remote mentorship program: weekly office hours for 15+ engineers across 4 timezones, reducing onboarding time by 50%
- Led code review process: reviewed 200+ PRs/month, maintaining 95% code quality score and enforcing Clean Code standards
- Implemented comprehensive testing strategy: increased unit test coverage from 60% to 85%, reducing production bugs by 30%
- Drove accessibility compliance: achieved WCAG 2.1 AA standards across all features, supporting 10M+ users with disabilities

iOS Developer

Dec 2020 - Dec 2022

Instituto de Pesquisas Eldorado

- Led development of 2 production mobile applications: WEMOB (electric mobility) and Márcio Atalla (health/fitness)
- Established technical leadership practices: mentoring junior developers, streamlining onboarding processes, conducting comprehensive code reviews
- Implemented robust CI/CD pipeline using Fastlane, GitLab CI, and TestFlight for automated deployment and quality assurance

Student & Resident

Dec 2018 - Dec 2021

Apple Developer Academy

- Completed intensive iOS development program: mastered Swift, UIKit, and product-driven engineering principles
- Applied design thinking methodology and inclusive design practices to create accessible mobile solutions
- Delivered 5+ iOS applications from concept to MVP, following Apple's Human Interface Guidelines
- Gained foundational expertise in clean code architecture, SOLID principles, and agile development methodologies
- Promoted to resident mentor role: guided new cohort of developers and collaborated on internal academy projects

TECHNICAL SKILLS

iOS Development:

Swift 5.9, Objective-C, SwiftUI 5.0, UIKit, Combine Framework, Async/Await, Core Data, Texture (AsyncDisplayKit), URLSession, Grand Central Dispatch

Testing & Quality:

XCTest, Snapshot Testing, UI Testing, TDD, Code Review Leadership, Performance Optimization, Memory Management, Instruments Profiling

Architecture & Design:

MVVM, MVC, VIPER, SOLID Principles, Clean Architecture, Dependency Injection, Protocol-Oriented Programming

Tools & DevOps:

Xcode 15, Fastlane, GitLab CI, GitHub Actions, Buildkite, TestFlight, App Store Connect, Firebase, CocoaPods, Swift Package Manager

Accessibility & Standards:

VoiceOver, Dynamic Type, Accessibility Inspector, WCAG 2.1 AA, HIG Compliance

Remote Leadership:

Technical Mentoring, Distributed Team Management, Cross-timezone Collaboration, Agile/Scrum Leadership, Onboarding Program Design

Languages:

Portuguese (Native), English (Fluent - C1/C2)

EDUCATION

Bachelor's in Computer Engineering

UNICAMP | 2017 - 2022
